¹⁷ BC will provide a rebate of 71.43% of the provincial portion of the HST, to a maximum of \$26,250, for new housing purchased as a primary residence. The rebate ensures that, on average, purchasers will pay no more provincial tax due to harmonization – that is, they will pay no more in provincial HST than is currently embedded as PST in the price of a new home. It is estimated that the embedded PST in new homes in BC is, on average, equal to about 2% of the price.
